### INNOVATION. IT'S HOW KISHIGO GOES BEYOND THE STATUS QUO.

We push the envelope when we develop new products. We incorporate more than just garments that are ANSI approved, but create a desire for the workers to want to wear high visibility workwear because we believe in “Inspiring people to live safer lives”. We partner with consumers and industry experts, to help merge functionality and innovation for all our workwear, and we utilize the newest testing capabilities where applicable. Serving the needs of both men and women within a variety of industries, we are able to take one thing off your plate – and that’s wondering if your team is safe and being seen.

Conquer the cold with our Polar Shield Parka.

## ENHANCED VISIBILITY EV SERIES

### REDEFINING ROLES ON SITE

Organization keeps projects running smoothly and the same applies to jobsites. With so many high visibility workwear options available, keeping track of who's who on site can not only be a challenge, but a safety risk. So based on feedback from industry professionals, we designed the Enhanced Visibility Series in a wide range of colors to make that job easier. Imagine identifying new hires, managers, security, medics, or even visitors simply by looking at the color of their vest. It's simple, easy, and efficient.

## WOMEN'S WORKWEAR

### DESIGNED FOR WOMEN, BY WOMEN

"As the workforce continues to evolve, women play an even more significant role at every level in the construction industry. When we looked at the high visibility market, we noticed women in large boxy designs, oversized neck drops/armholes, and garments that were too long. In addition, improperly fitted garments can create secondary safety hazards. Therefore, we spent countless hours designing garments that fit for women. We focused on ensuring that the waist properly cinched and narrowed the shoulders for creating the perfect fit, pockets are ergonomically positioned for function and style that is appealing to women."

Sandra Hanna, VP of Product Development and Marketing, Kishigo

## PUBLIC SAFETY

---

You're the person in charge and people look to you for guidance in the midst of the chaos. Whether you're at the scene of an accident or pulling debris off the road, visibility has never been more important. Our durable, high-quality Public Safety vests ensure you're seen no matter the job. And with features like 4 or 5 point breakways for doffing, you'll be ready to take it off if the situation calls for it. Ensure that you're wearing the best when it matters most.

## HIGH-QUALITY CUSTOM PRINTING

A name says a lot. Your name signifies who you are, what you stand for, and what you believe in. At Kishigo we believe in quality, and we can help you proudly display that name with high-quality, custom printing.

Our in-house graphic design and screen print facility services specialize in traditional screen printing, reflective graphic transfers and die-cut numbers and letters (reflective and non-reflective). We'll provide best practice solutions ensuring the optimum application for your specific fabric—including expensive fire-resistant materials—to ensure your garments come out right the first time.

Plus, our imprint technicians rigorously test everything to make sure your items get the correct temperature requirements, eliminating shrinkage, unusual rippling of the tape or anything else that might distort your garments. Take out the guesswork and let our experts handle all your printing and graphic needs.
